Hi Joyce,

I heard back from the reporter today and she is speaking with Curt on Thursday. She is still interested in a site visit, could we see if the property owner would grant access for an hour or so sometime Thursday?

Her questions are pretty basic: how the cleanup was going, how much longer, what we had found, who owned the property, if they new it had drums when they bought it, how the drums were discovered, etc.

Let me know your thoughts!

Thanks,
Katherine

Let me know if they call you and I will pursue the question on site access. Thanks!

Thanks for letting me know. No, I actually haven't heard back from her still.

Hi Katherine- I asked yesterday about access for the Denver post reporter but nobody has gotten back to me yet. Has the reporter asked for a specific day?
